

AL DENTE® - THE PASTATIMER FOR PASTA WITH BITE.

Forget about mushy pasta without bite. Al Dente® will sing to you when your pasta is ready. Simply cook Al Dente® together with your pasta in your pot. Al Dente® is a kitchen Mafioso and battles mushy pasta.

SINGING MAFIOSO

Al Dente® looks like a Mafioso, but all he wants is to help. He can be looked upon as the pasta kitchen servant. Originally he came from Italy, and brought cultural goods along. Once the pasta is al dente, he will sing Italian opera melodies.

Al Dente will be plunged into the water together with the real pasta. Once the mafia-man shaped kitchen device got in contact with boiling water, he will start an electronic pasta-cooking-program which will play tunes as soon as the pasta is perfect.

When the ideal cooking-time has been reached, Al Dente will play 3 famous melodies from Verdi operas.

AFTER 7 MINUTES "TRIUMPHAL MARCH FROM AIDA"

AFTER 9 MINUTES "PRISONERS' CHOIRE FROM NABUCCO"

AFTER 11 MINUTES "LA DONNA E MOBILE FROM RIGOLETTO"

Just check the cooking time of your pasta and take it out of the pot as soon as the right melody plays.

Available in silver-grey, red and green, Al Dente® is a device with a good sense of humor and functionality. Al Dente® is a great gift, especially in combination with a bottle of wine or some good pasta.
